

Project Initialization and Planning Phase

Date	26 june 2026
Team ID	SWIID-2026-1243
Project Name	EduGenie Google Gemini Powered Learning Assistant
Maximum Marks	3 Marks

Define Problem Statements (Customer Problem Statement Template):

Students and self-learners often struggle to find accurate, easy-to-understand educational content from multiple sources. They spend significant time searching for explanations, practice questions, summaries, and learning roadmaps, making the learning process inefficient and overwhelming. EduGenie addresses this problem by providing an AI-powered educational assistant that delivers intelligent question answering, simplified concept explanations, AI-generated quizzes, educational text summarization, and personalized learning recommendations through a single interactive platform, making learning faster, more organized, and more effective.

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A student or self-learner	Understand academic concepts, get accurate answers, and prepare effectively for exams	I have to search multiple websites, books, and videos, which takes a lot of time	Learning resources are scattered, explanations are often complex, and there is no single platform that provides explanations, quizzes, summaries, and personalized learning guidance	Confused, frustrated, and less confident about my learning progress
